Research Associate (Heilbronn Institute London Fellow)

Pure Mathematics Section
Imperial College London -Department of Mathematics
South Kensington Campus

Salary Range: £32,750 - £41,540

Fixed Term for: 36 Months

Starting Date: 01 October 2014

Applications are invited for a Research Associate position in the Department of Mathematics at Imperial College London to work in the areas of algebraic number theory or algebraic / arithmetic geometry. The position is funded by the Heilbronn Institute for Mathematical Research. You will divide your time equally between your own research and the research programme of the Heilbronn Institute in London.

A PhD in Mathematics relevant to the study of algebraic number theory or algebraic / arithmetic geometry is essential. You will have proven research ability in mathematics, strong research potential and a track record of original research in algebraic number theory or algebraic / arithmetic geometry. An outstanding research record commensurate with your level of experience and the potential for strong leadership qualities in the subject are also required. The ability to contribute significantly to the research environment of the research group and the Department of Mathematics as demonstrated, for example, through a proven track record of successful research interaction.

Due to the nature of the Heilbronn Institute's work, you must satisfy vetting before appointment. UK resident UK nationals will normally be able to meet this condition: other potential applicants should consult the Director about their eligibility before applying. Research expenses of at least £2,000 per annum will also be available. There is a salary supplement of £3.5K pa, in recognition of the distinctive nature of these Fellowships. Payment of this supplement is conditional on a finished thesis having been accepted in final form, because we expect Heilbronn Fellows to hold PhDs before working at the Heilbronn Institute.

For additional information please contact Professor Kevin Buzzard (k.buzzard@imperial.ac.uk). Enquiries about the work of the Heilbronn Institute may be addressed to the Director of the Institute, Professor Geoffrey Robinson, telephone (+44)(0)117 980 6303, email: g.r.robinson@bristol.ac.uk

Information about Department of Mathematics can be obtained from <http://www.imperial.ac.uk/mathematics>

Our preferred method of application is online via our website <http://www.imperial.ac.uk/employment> (please select

"Job Search" then enter the job title or vacancy reference number NS2014040SC into "Keywords"). Please complete and upload an application form as directed, also providing a CV (including list of publications) and a cover letter.

Should you have any queries regarding the application process, please contact Anne Rowlands a.rowlands@imperial.ac.uk, Tel: +44 (0)207 594 8481

Closing date: 6 April 2014

Committed to equality and valuing diversity. We are also an Athena SWAN Silver Award winner, a Stonewall Diversity Champion and a Two Ticks Employer.
